LOOKING AHEAD: FUTURE GOALS & INITIATIVES

As we build on the progress of the past year, our focus remains on deepening impact and expanding access. The initiatives below reflect our commitment to innovation, inclusion, and meaningful growth—driven by the evolving needs and voices of the families we serve:

Expanding Career Pathways: Healthcare Track

We're introducing a healthcare-focused pathway within our career readiness program, equipping students with skills, mentorship, and job placement support in a high-demand field.

Strengthening Early Learning for Bilingual Families

At Todos Juntos, we are creating a curriculum that reflects the diverse experiences of bilingual children, prioritizing brain development and culturally responsive teaching. Our goal is to equip not only our own center but also other programs serving bilingual families, ensuring every child has an equitable start and every school the tools to support them.

Prioritizing Safety, Health & Wellbeing

We continue to prioritize trauma-informed care, mental health resources, and community wellness efforts that create a safe and supportive environment for our students and staff.

Piloting Infant Care for New Mothers

As part of our Early Childhood Education program, we're piloting infant care services to provide wraparound support for new moms—meeting the unique needs of families with very young children.

Expanding with Purpose

While we look to expand our services, we remain committed to conservative, strategic growth. Every step forward is taken with the intention of preserving the depth and quality of learning experiences for our students and families.

...

Your partnership powers this work.

Join us in shaping the future:

- Become a Mejor Amigo (*monthly donor*)
- Invest as an Amigo por Siempre (*major donor*)

Together, we are creating a community where all children and families can thrive—now and for generations to come.

TO ALL OF OUR SUPPORTERS, THANK YOU.

Both our individual donors and organizational partners play a crucial role in the work of Todos Juntos. By investing in children's development and helping families access the resources they need, you are building a stronger, brighter future that uplifts not only those we serve, but our entire community.
