Going Places

It's Graduation Season at Todos Juntos!

The school year has officially wrapped up at Todos Juntos, and we are celebrating all the incredible milestones that came with it! 🎉 From our youngest learners to our adult students, everyone in our **ESL, Early Childhood Education, Mi Familia & Me, and Adelante Juntos** programs poured so much heart, grit, and dedication into their classes this year. Congratulations to each and every one of you! 🎓👏

To our phenomenal TJ staff: thank you. Your daily efforts and deep passion change lives, and we are so proud to walk this journey alongside you. We also want to give a huge thank you to the amazing local partners who helped us celebrate in style: Popsicles from **GoodPop**; Chips and Cookies from **Siete Foods**; beautiful balloon installations by **Luke's Party Balloons**, and a surprise visit from **Austin Community College's R.B. The Riverbat**! Thank you all for celebrating with us and loving our community!

Community Partners in Action!

As part of our commitment to keeping families informed and supported, this Spring we were happy to host several local school districts for our **Mi Familia & Me Kindergarten Roundup**, giving parents a wonderful opportunity to ask questions and explore the best educational options for their children. Currently, families who leave our center attend 27 different school systems and districts in Central Texas.

We also welcomed a variety of incredible community organizations to our **Saludables Juntos Health Fair**, where our adult students connected directly with vital wellness resources and local services. This school year, 56% of previously uninsured students are now insured, thanks to Saludables Juntos.

We are deeply grateful to all of our school and community partners who took the time to share their expertise, empower our students, and work alongside us to make Austin a wonderful place for families to thrive.

Congratulations to the 2025-2026 National Adult Education Honor Society Inductees!

C2C = Collective Power

Todos Juntos Learning Center is proud to be part of the **Cradle to Contributor (C2C) Collective** cohort alongside an amazing group of Central Texas organizations and nonprofits.

With the shared mission to advance how families across Central Texas access care, education, and opportunity, we are aligning our strengths, and spent this cohort building connected pathways that support individuals from early childhood all the way through college, career, and generational economic stability. Together, we are committed to changing the narrative, transforming systems to be more coordinated, equitable, and listening closely to our community's voice.

Huge congratulations to all of our fellow cohort partners! We love growing alongside you.

Connecting with Leadership

Early this Spring, we were deeply honored to receive a letter addressed to our staff and students from a **Supreme Court Justice**; a meaningful reminder that the work happening every day at Todos Juntos is being recognized and uplifted by leaders at every level.

We also had the privilege of welcoming **Rep. Donna Howard** and **Council Member Zo Qadri** to our center to see our mission in action. From celebrating with graduates to reading with our little learners, these visits highlighted the impact of our two-generation model and the importance of investing in multilingual families across Austin and Central Texas.

We are incredibly grateful for the leaders, advocates, and partners who believe in our mission and stand alongside us as we work to build more equitable, healthy, and empowered pathways for our community.

A Special Visit

We were honored to host **Mayor Kirk Watson** at Todos Juntos for a firsthand look at our dual generation approach to education.

During his visit, Mayor Watson read to our little learners and engaged with our Adult Education students where he shared a sentiment that sits at the core of our mission: **"There is nothing bigger than a mother."**

At Todos Juntos Learning Center, we know that when we invest in a mother's education and workforce readiness, we are building social capital. These women become the bridges of support for their families and neighbors, creating a ripple effect of stability and opportunity across our city.

This work goes hand-in-hand with the **Mayor's Generation ATX (GenATX) initiative**, which aims to make Austin the best place in America for a child to grow up healthy, safe, and happy.

Thank you, Mayor Watson, for recognizing the strength of our families and for your dedication to our community!
