SUMMER PROGRAMMING AT TODOS JUNTOS!

It's been a busy summer at Todos Juntos! Thanks to long-standing partnerships across our various programs, we've continued to bring enrichment activities to our community this summer. Adelante Juntos hosted Tech Week, which consisted of a full week of computer classes in Spanish for adult students. Our Adult Ed program hosted 3 sessions of conversation club, led by volunteers; Mi Familia & Me took families to Camp Glimmer at Candlelight ranch for a fun day of activities and nurturing relationships, and Saludables Juntos partnered with Tankproof to offer free swimming lessons for our TJ families. To support this water safety initiative, we provided Coast Guard-approved life jackets to all our little learners, and thanks to Nike's generous donation, swimsuits were given to each child and their participating siblings. And a very special mention to Human-IT for their generous donation of 200 Chromebooks that were distributed to our 2024-2025 adult TJ students. Thank you to everyone who has made all this possible!

AUSTIN COMMUNITY FOUNDATION GRANT

We are excited to share that we have been selected as one of the Forever Austin Fund Grant program recipients! Thanks to this unrestricted grant, we're able to respond where the need is greatest, especially by providing Direct Client Assistance to those we serve. Thank you Austin Community Foundation for supporting our mission and for your continued partnership!

We're a **@circle** participant.

MI VALOR COMO MUJER-WORKSHOP

Our partnership with **St. Edward's Counseling Master's students** has been one of the most rewarding ones. Recently, Gabriela Vega (Class of 2025) facilitated a six-week group at Todos Juntos called **Mi Valor como Mujer**, offering Todos Juntos' female students a space for personal growth and cultural reflection. Twelve participants met weekly to explore their inherent worth through Latin cultural values, building confidence, resilience, and self-empowerment.

Gabriela shared: "I strongly believe in the value of providing the women at the center with opportunities for ongoing personal development within a group practice. This type of space has proven to be beneficial for them". We're grateful for Gabriela's leadership and proud to support culturally grounded mental health care.

Thank you, St Edward's Counseling Master's students, and a special shoutout to our **Saludables Juntos** team for providing these safe spaces.

"This workshop has helped me heal childhood wounds and trauma. It has strengthened me and is allowing me to heal my past".
-Workshop Participant

ADELANTE JUNTOS INTERNSHIPS

Our **Adelante Juntos** program supports students as they prepare for life beyond Todos Juntos, with a strong focus on workforce readiness and digital literacy. To ensure students are workforce-ready, we support them based on their individual needs, whether that's pursuing higher education, building a resume, or applying for jobs. In today's world, understanding technology is essential. We ensure students gain the digital skills needed for everyday tasks, from completing homework assignments to scheduling doctors' appointments. One of our students mentioned: **"For me, AJ has opened the door to growth, advancement, and the development of my skills and abilities"**. Our host sites consistently share how meaningful and impactful this experience is for them, highlighting its value beyond just the students. If you are interested in knowing more about the program or becoming a host site, email Program Coordinator Katerin Arpero katerin@todosjuntoslc.org

BOARD OF DIRECTORS

We are excited to welcome Attorney **Martha Aranda** as the newest member of the Todos Juntos Board of Directors! Martha has over thirteen years of experience in the field of immigration law.

We're grateful to have her join us in this important work and to have her as a champion of our mission. As Martha begins her tenure, we also say goodbye to **Craig Snook**, who is stepping down after years of dedicated service. Craig has been an invaluable part of our community, bringing determination, leadership, and a deep passion for our work. We wish him all the best and know he will continue to make a positive impact in our community.

"We can all inspire human potential. We can all create the future. Build on what we have".
-Craig Snook

Interested in board service?

Get in touch and we'll be happy to provide more information on how you can make a lasting and positive impact as a Todos Juntos board member!
